CHANGE IN WOMAN'S LIFE

Made Sale by Lydia E. Pinkham's Vegetable Compound.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

MEAT BEING SCREENED.

No more will the frisky flies be able to play their games of ball at random over the food sold at the fishmarkets, for the last kickers among the Chinese have fallen in with the requirements of the Board of Health and have placed screens wherever necessary.

The only thing that does not require screening is fish, this not being considered necessary. The Hawaiians were among the first to comply with the orders. Several of the other meat markets have followed suit and are complying with the regulations.

FEATURE FILMS TO BE SHOWN LOCALLY

With tonight's changes at the Bijou and Savoy, there will be feature films at both theatres, as well as new moving pictures at today's matinee at the Empire, which will now be open evenings with Monday, Wednesday and Friday matinees.

At the Bijou the Reece Trio, which comes well recommended as a headliner entertainment, will feature La Petite Laura, a winsome young contortionist, styled the best in the world, a marvel of flexibility. Hers is an act of unusual athletic development and should create a sensation during their engagement.

Duke Johnson and Mae Wells, the premier colored singing and dancing artists made their reputation last week and will add to it this week in a new bill. The Boardman Sisters will sing new songs and give an entire new act.

The Ragtime Trio will be here only tonight and tomorrow night, as they leave for the Coast on Wednesday on the Wilhelmina, after a very successful engagement. They will give many of their successful songs tonight and tomorrow should be in the nature of an ovation.

Barnes and Robinson, will change their piano and conversational act. This is a clever team which has made good.

New motion pictures at all theatres. A musical comedy company will arrive from Vancouver on the 21st and will open an engagement at the Opheum on July 24. This company includes eleven artists, all soloists and the plays and comedies to be presented are all the season's successes on Broadway.

GENERAL EXODUS OF SHORT DEMIJOHNS

As a result of the investigations made by Liquor Inspector Fennell in connection with the selling of whisky and wine put up in demi-johns and the subsequent revelations which followed it has been estimated that during the last two months some 4000 "johns" have been sent back to the Coast. The shortage in most of the instances was from four to six ounces. In the case of one dealer, however, he had been selling ten ounces too much with his five-gallon jars.

Steps will now be taken to see that all those shorts that have found their way into other trades are gathered in and retired permanently from the business. A letter has also been written to the Coast notifying the offending company that Honolulu is not a short place.

Y. M. C. A. MEMBERS TO TALK OVER TRANSFER

A general meeting of the Y. M. C. A. members, directors and trustees will be held this afternoon at five o'clock to discuss the transfer of the old Y. M. C. A. building to the Eike under the terms settled upon some time ago. The board of trustees was to have arranged the formalities Friday but found that the association membership would have to pass upon it.

No opposition exists to the transfer so far as is known and the meeting will probably be short and formal.

The greater part of the furnishings for the new building will arrive on the Columbia on September 3. A strike at Grand Rapids delayed the shipment somewhat. The housewarming is set for September 15.

HIO FOLKS PETITIONING FOR MORE BUILDING LOTS

The Governor has not yet received the petitions which are stated to have been circulated in Hilo asking that the public be given an opportunity to acquire as building lots certain of the lands leased to the Waiakoa Mill Company. The petitions have been printed in both English and Hawaiian.

The petitioners ask that the company's lease of 1000 acres of the land of Waiakoa adjacent to the land of Makaka and Hoolulu Park be cancelled and that the land be divided up into lots of from three-fourths to one acre each. Each of these to be considered as bona fide building lots and offered for sale.
